

board development workshops

strategic support, truly tailored to your organization's needs | no boxed workshops

www.vanwaesconsulting.com

topics

- maximizing the board-staff relationship
- board roles and responsibilities and onboarding new directors
- board engagement (including fundraising)
- strategic planning and budgeting
- strategic board recruitment and development

what does "tailored" mean?

we work together to tailor the workshop to what your organization needs in this moment, looking toward future growth

you choose the topics you want covered and in how much depth

we discuss real-world solutions directly applicable to what your organization does (you leave with actions to take, not a fuzzy feeling of "that was interesting").

your board and staff fill-out a survey ahead of time to help further tailor the content

outcomes

1. Actionable SMART goals for every board member and the board as a whole

2. Elephants in the room get addressed, and a path forward begins

3. Soft skills in communication, engagement, & teamwork improve

You leave feeling a weight off your shoulders and energized to take clear, concrete next steps.

- pre-workshop research & analysis on your organization
- pre-workshop board + staff survey
- tailored 4-8 hr workshop -- virtual or in-person
- interactive and practical action-oriented
- actionable SMART goals
- summary report w/ discussion notes, analysis, recommendations, and resources
- follow-up consultations to check on progress
